The Indian Removal Act of 1830 and the Trail of Tears may be considered early examples of environmental racism in the United States. As a result of the Indian Removal Act of 1830, by 1850, all tribes east of the Mississippi had been removed to western lands, essentially confining them to "lands that were too dry, remote, or barren to attract the attention of settlers and corporations".

Environmental racism - Wikipedia

We are the leader in harvesting hydrocarbons from conventional resource plays. Where other exploration and development companies see problems due to high water saturation, we see opportunities.
