Background. The discovery of fossil fuels in Canada began in Enniskillen Township, near Sarnia, Ontario, in the 1850s (see Petroleum Industries).The construction of pipelines to carry crude oil and natural gas to domestic (and eventually foreign) markets soon followed. For a century after the Sarnia-area oil discovery, the pace of pipeline construction was slow, with just three major routes ...

For well over one hundred years since the time of the Whitechapel Murders, the identity of the killer has been hotly debated, with over one hundred suspects having been named in the process. While many theories exist, some more advanced than others, none of them have proven to be indisputably convincing. Some theories suggest that the killer was a doctor, possibly even an educated upper-class ...
