Earth's Resources Answer Key - HelpTeaching.com

Earth resources can be derived from either living or nonliving things. Many Earth resources are essential for life. Once used, some resources cannot be replaced, whereas others can be replaced in relatively short periods of time. The use of Earth resources must be balanced for life on Earth to continue.

User Name: ESGEU Password: det79uEwu4 Chapter 25 Earth ...

When geologists first analyzed isochron maps of the ocean floor, they discovered that Earth's crust is formed along ocean ridges and recycled at the edge of oceanic crust. This discovery led to the theory known as plate tectonics. Geologists continue using maps to study the motion of tectonic plates.
