Global citizenship is the idea that all people have rights and civic responsibilities that come with being a member of the world, with whole-world philosophy and sensibilities, rather than as a citizen of a particular nation or place. The idea is that one's identity transcends geography or political borders and that responsibilities or rights are derived from membership in a broader class ...

A digital divide is any uneven distribution in the access to, use of, or impact of information and communication technologies (ICT) between any number of distinct groups; these groups may be defined based on social, geographical, or geopolitical criteria, or otherwise. The divide within countries (such as the digital divide in the United States) may refer to inequalities between individuals ...
