What are some ways that we can gauge vocabulary development in the content areas? In this article, the authors explain how the intricacies of word knowledge make assessment difficult, particularly with content area vocabulary. They suggest ways to improve assessments that more precisely track students' vocabulary growth across the curriculum, including English language

Abstract. Access to general schools for people with disabilities is an advance in the history of education. However, barriers to learning and participation hinder the school routine of inclusive students, hence the need for resources - human, tangible, political etc. - from the schools and their communities.
