Digital Express Accounting Simulation Answer

During one of my usual late-night perusals of controversial discussion website, Reddit, earlier this week, I stumbled across an 'ask reddit' thread debating the tactics used by party-goers in the pre-mobile phone era when trying to appear busy.

Digital Deliberations

A computer is a machine that can be instructed to carry out sequences of arithmetic or logical operations automatically via computer programming. Modern computers have the ability to follow generalized sets of operations, called programs. These programs enable computers to perform an extremely wide range of tasks.
