While I make cakes and frostings from scratch every week, I do it for a living. There was a time that I worked in the "corporate world" Monday through Friday from 8:00 to 5:00 and just the thought of going home to make a cake and frosting from scratch was daunting ...

How to improve store bought frosting - A Slice of Heaven

Vitrifying liquids have been classified as "strong" or "fragile". The term fragile is confusing because it does not refer to the tendency to break under mechanical stress, but rather to a highly rapid rise in viscosity as temperature approaches T_g from above. Substances which are called fragile tend to have more ionic bond types (or hydrogen bonds), whereas substances which are strong (and ...
