Connected Mathematics 2, 7th Grade Units - Pearson School

Connected Mathematics Project is a problem-centered curriculum promoting an inquiry-based teaching-learning classroom environment. Mathematical ideas are identified and embedded in a carefully sequenced set of tasks and explored in depth to allow students to develop rich mathematical understandings and meaningful skills.

Connected Mathematics Project (CMP) - Connected ...

One of the goals of Connected Mathematics is to assist children in figuring out as much as they can for themselves. You can help by asking questions that guide, without telling what to do or giving away answers. Good questions and good listening will help children make sense of mathematics, build self-confidence, and encourage mathematical thinking and communication.
