This set includes everything you need to teach financial literacy to middle or high school students. This is set up with an option of a huge consumer math and personal finance "fun" day in which students rotate through stations, but it also works well as a 1 or 2 week long unit spread throughout normal classroom periods.

Economics and marketing. A consumer is one that buys good for consumption and not for the resale or commercial purpose or a consumer is an individual who pays some amount of money or the thing required to consume goods and services produced. As such, consumers play a vital role in the economic system of a nation. Without consumer demand, producers would lack one of the key motivations to ...
