The Technomages are a group of sentient beings from the fictional Babylon 5 universe. The technomages shown in the television series are primarily human, but in the "Technomage Trilogy" books, apprentices and mages of other races including Centauri are named. They are described as using "science to create the appearance of magic".

Technomage - Wikipedia

Calculus (from Latin calculus, literally 'small pebble', used for counting and calculations, as on an abacus) is the mathematical study of continuous change, in the same way that geometry is the study of shape and algebra is the study of generalizations of arithmetic operations.. It has two major branches, differential calculus (concerning instantaneous rates of change and slopes of curves ...
