This page contains puzzles and other games that I've created for my students as well as links to my favorite puzzle sites and tips for using word search puzzles in the classroom.

The Science Spot

1. Introduction. Recent biotech achievements make it possible to employ genomic DNA as data storage more durable than any media currently used (Bancroft et al., 2001, Yachie et al., 2008, Ailenberg and Rotstein, 2009). Perhaps the most direct application for that was proposed even before the advent of synthetic biology.
