Fire making at Survivaloutdoorskills.com. Flashlight Fire Starter - According to some survival gurus, you can start a fire by (a) removing the round mirror reflector and inserting where the light bulb goes a "cigarette." Then by holding the reflector in the direction of the sun like a magnifying glass you'll be able to ignite the end of the cigarette which then you can use to get a fire going.

Would you be willing to stake your life on your survival kit? I would. There are so many debates when it comes to the perfect survival kit. In my opinion, the items you choose to be in a survival kit can be very different based on the situation you see yourself in (maritime vs. desert survival) as well as your level of skill.

### **How to Put Together the Ultimate Survival Kit**

This publication is an extract from FM 7-8 Infantry Rifle Platoon and Squad. It provides the tactical standing operating procedures for infantry platoons and squads. The procedures apply unless a leader makes a decision to deviate from them based on the factors of METT-T. In such a case, the exception applies only to the particular situation for which the leader made the decision.
