Earth is much older than anyone had previously imagined. A Brief History of Geology 12.1 Discovering Earth's History Uniformitarianism - forces and processes of today have been at work for a very long time. Relative Dating—Key Principles 12.1 Discovering Earth's History Relative dating - sequence in which events

## **12.1 Discovering Earth's History**

In the very beginning of earth's history, this planet was a giant, red hot, roiling, boiling sea of molten rock - a magma ocean. The heat had been generated by the repeated high speed collisions of much smaller bodies of space rocks that continually clumped together as they collided to form this planet.
