Language pedagogy [definition needed] may take place as a general school subject, in a specialized language school, or out of school with a rich selection of proprietary methods online and in books, CDs and DVDs. There are many methods of teaching languages. Some have fallen into relative obscurity and others are widely used; still others have a small following, but offer useful insights.

The study of language, linguistics, has been developing into a science since the first grammatical descriptions of particular languages in India more than 2000 years ago, after the development of the Brahmi script. Modern linguistics is a science that concerns itself with all aspects of language, examining it from all of the theoretical viewpoints described above.

In today's post we will work on with the important guidelines for developing a scholarly writing style for thesis writing. In typical research paper writing, primary emphasis is laid on the need for intellectual candor i.e. integrity and honesty. By adhering to intellectual candor, you are sending out the message that none of your work is plagiarized or arrives at false (influenced) derivations.
