Retail is the process of selling consumer goods or services to customers through multiple channels of distribution to earn a profit. Retailers satisfy demand identified through a supply chain. The term "retailer" is typically applied where a service provider fills the small orders of a large number of individuals, who are end-users, rather than large orders of a small number of wholesale ...

In shopping mall design, the Gruen transfer (also known as the Gruen effect) is the moment when consumers enter a shopping mall or store and, surrounded by an intentionally confusing layout, lose track of their original intentions, making consumers more susceptible to make impulse buys. It is named for Austrian architect Victor Gruen, who disavowed such manipulative techniques.

Rated 4 out of 5 by Rae W from Great Fall Colors I purchased The City Mini Eyeshadow Palette yesterday in 530 Hi-Rise Sunset and the Master Contour Kit in 20 Medium to Deep. I couldn't wait to try them this morning. I created the simplest fall look with these great colors and they blended together well. The contour kit is AMAZING and the highlighter is hot.
