Developing a Standard Enterprise Architecture Practice

A developing country (or a low and middle income country (LMIC), less developed country, less economically developed country (LEDC), or underdeveloped country) is a country with a less developed industrial base and a low Human Development Index (HDI) relative to other countries. However, this definition is not universally agreed upon. There is also no clear agreement on which countries fit ...

Education has a vital role to play in developing the knowledge, skills, attitudes and values that enable people to contribute to and benefit from an inclusive and sustainable future.

The fuTure of educaTion and skills - oecd.org

Abstract. Executives today are interested in developing a best practice around project management within their organizations. Some of this interest stems from the economy and the need to do more with less—reduced timelines to get a product/service to market to increase revenue, smaller

budgets to get projects completed, and reduced project management staff due to layoffs and/or restructuring.
