communities and write definitions “in my own words”. •I will ponder questions about how communities are shaped, write my thoughts down in my notes, and share/discuss my ideas with a

partner and the class. •I will record notes about interactions in communities based on PowerPoint presentation & class discussion.

Chapter 5

Finally, competition may also have a major effect on the taxonomic and functional composition of microbial communities. For example, species of the archaeal family Methanosaetaceae possess enzymes with a high acetate affinity and may suppress other acetate-consuming microorganisms . However, competition is not limited to substrates.
