Rain Bird drainage products are built using the highest quality materials and rigorously tested for durability. No matter the job, you'll have the equipment you need to do it right.

Drainage | Rain Bird

Wastewater treatment is a process used to remove contaminants from wastewater or sewage and convert it into an effluent that can be returned to the water cycle with minimum impact on the environment, or directly reused. The latter is called water reclamation because treated wastewater can then be used for other purposes. The treatment process takes place in a wastewater treatment plant (WWTP) ...

Wastewater treatment - Wikipedia
