This is a list of distributed computing and grid computing projects. For each project, donors volunteer computing time from personal computers to a specific cause. The donated computing power comes typically from CPUs and GPUs, but can also come from home video game systems. Each project seeks to solve a problem which is difficult or infeasible to tackle using other methods.

List of distributed computing projects - Wikipedia

jessica: I am interested in creating emotionally engaging, concept-driven work that is embodied in beautiful forms. I always try to approach the process in a playful way, with a sense of humor. I want people who view my work to experience or feel something, whether it makes them think, brings them joy, or offers them inspiration.
