Economic theory has suffered in the past from a failure to state clearly its assumptions. Economists in building up a theory have often omitted to examine the foundations on which it was erected. This examination is, however, essential not only to prevent the misunderstanding and needless controversy which arise from a lack of knowledge of the assumptions on which a theory is based, but also ...

Not only is the Institute meeting a felt need by students but it has also achieved recognition by employers, many of whom sponsor their employees as students; and by the colleges, where the Institute's examinations have been incorporated into business studies training programmes as a first step towards a more advanced qualification.

Syllabi - ICSAZ

The informal sector of the economy, informal economy, or grey economy is the part of an economy that is neither taxed nor monitored by any form of government. Unlike the formal economy, activities of the informal economy are not included in a country's gross national product (GNP) or gross domestic product (GDP). The informal sector can be described as a grey market in labour.
