Contemporary Classics Word Study Reproducible

Humanities are academic disciplines that study aspects of human society and culture. In the Renaissance, the term contrasted with divinity and referred to what is now called classics, the main area of secular study in universities at the time. Today, the humanities are more frequently contrasted with natural, and sometimes social, sciences as well as professional training.

Science in a broad sense existed before the modern era and in many historical civilizations. Modern science is distinct in its approach and successful in its results, so it now defines what science is in the strictest sense of the term. Science in its original sense was a word for a type of knowledge, rather than a specialized word for the pursuit of such knowledge. In particular, it was the ...

Humanism - Humanism and the visual arts: Humanistic themes and techniques were woven deeply into the development of Italian Renaissance art. Conversely, the general theme of "art" was prominent in humanistic discourse. The mutually enriching character of the two disciplines is evident in a variety of areas. Humanists paid conscious tribute to realistic techniques in art that had developed ...
