R101 was one of a pair of British rigid airships completed in 1929 as part of a British government programme to develop civil airships capable of service on long-distance routes within the British Empire. It was designed and built by an Air Ministry-appointed team and was effectively in competition with the government-funded but privately designed and built R100.

The title of this book, 9/11 Contradictions, refers entirely to internal contradictions within the public story about 9/11. The book deals, in other words, with issues on which one person, agency, institution, or official body that has helped articulate the public story about 9/11 has contradicted another such person, agency, institution, or official body.
