Description : In Concepts of Federal Taxation, authors Murphy and Higgins take a more conceptual, less technical approach to federal taxation. The conceptual approach presents taxation as a small number of unifying concepts - overriding principals that apply to all specific tax rules and regulations.

Concepts In Federal Taxation | Download eBook PDF/EPUB

This concept is implemented by using taxable income (income net of deductions) as the tax base for figuring the tax. This gives recognition to differing levels of income as well as differing levels of deductions by each taxpayer. The second aspect is the use of progressive tax rates in the calculation of the tax.
