Students and parents both need to be very careful when drawing conclusions about grades or assignments from Edline. Sometimes it appears that an assignment is incomplete or has not been handed in, but instead the data simply have not been entered yet. Teachers update Edline when they have time, not necessarily every day or even every week.

Edline is Pyle's online assignment and grade reporting system

I will first explain the steps of drawing conclusions with pictures. First, we want to make observations about what we see, not inferences, but observations. I will use one picture as a model. I will point out any details that are observable. Next, we want to use those details and my prior knowledge to make our conclusion or inference.
