Watch P & S waves Moving Through the Earth's Interior-This animation comes from the same site as the animation above, but this shows these same waves as they travel through the interior of the Earth.. Changing the Thickness of a Layer-This animation allows you to compare the paths that P and S waves would take in models of the Earth with liquid cores of different sizes.

Google Earth shows 3D building models in some cities, including photorealistic 3D imagery. The first 3D buildings in Google Earth were created using 3D modeling applications such as SketchUp and, beginning in 2009, Building Maker, and were uploaded to Google Earth via the 3D Warehouse. In June 2012, Google announced that it would be replacing user-generated 3D buildings with an auto-generated ...

The International Space Station (ISS) is a space station, or a habitable artificial satellite, in low Earth orbit. Its first component was launched into orbit in 1998, with the first long-term residents arriving in November 2000. It has been inhabited continuously since that date. The last pressurised module was fitted in 2011, and an experimental inflatable space habitat was added in 2016.
