PHYSICS HELP. A variety of question-and-answer pages which target specific concepts and skills. Topics range from the graphical analysis of motion and drawing free body diagrams to a discussion of vectors and vector addition.

The Physics Classroom

"I know that most men, including those at ease with problems of the greatest complexity, can seldom accept even the simplest and most obvious truth if it be such as would oblige them to admit the falsity of conclusions which they have delighted in explaining to colleagues, which they have proudly taught to others, and which they have woven, thread by thread, into the fabric of their lives."

Errors and "science myths" in K-6 Science Textbooks

Physics/Science Think Like A Scientist: An Induction Fable (Kenny) Before you read this, you don't need to know anything in particular. You could be anywhere from junior high to senior citizen, with some interest in science.

Math and Physics: The Math and Physics Help Home Page

Theoretical physics is a branch of physics that employs mathematical models and abstractions of physical objects and systems to rationalize, explain and predict natural phenomena. This is in contrast to experimental physics, which uses experimental tools to probe these phenomena.. The advancement of science generally depends on the interplay between experimental studies and theory.

Theoretical physics - Wikipedia

Every leader prefers a different way to contemplate a decision. The four styles of decision making are directive, analytical, conceptual and behavioral.

Decision Making Styles: Directive, Analytical, Conceptual ...

For Wave optics, I read it from the NCERT textbook line by line and to tell you, YDSE (Young's Double Slit Experiment) is the most important thing in this chapter. If you had only one day in hand for it, YDSE, Huygens law and Brewster's angle would be the only thing you would need to do from this chapter. With this, Communication systems and Electronic Devices (Semiconductors) were only left.

How to easily score 90+ in Physics CBSE exam

A great guy, but his lectures are boring and can put you to sleep pretty easily. His study guides

have only some of the answers on the tests so be ready to reread your notes and possibly the textbook.
