The illustration shows the parts of a cell. Move your mouse around the drawing to get information.

5th Grade Science Skills - Internet4Classrooms

Radiometric dating, radioactive dating or radioisotope dating is a technique used to date materials such as rocks or carbon, in which trace radioactive impurities were selectively incorporated when they were formed. The method compares the abundance of a naturally occurring radioactive isotope within the material to the abundance of its decay products, which form at a known constant rate of decay.

Radiometric dating - Wikipedia

The word science is derived from Latin "scientia" meaning knowledge. There are two distinctive definitions of science. The older of the two states that science is a body of knowledge itself, of the type that can be rationally explained and reliably applied.

Watch Science Documentaries Online | DocumentaryTube

Physical science, the systematic study of the inorganic world, as distinct from the study of the organic world, which is the province of biological science. Physical science is ordinarily thought of as consisting of four broad areas: astronomy, physics, chemistry, and the Earth sciences. Each of these is in turn divided into fields and subfields.
