A common question is: how safe is your tune? Our best answer is: A "diesel tuner" is like a "doctor

for cars”.. Your car is not feeling good and you bring it to a tuner. Same we humans do when not feeling good, we go to a doctor.

### **Diesel Tuning Australia :: Professional Diesel ECU Remap**

If you have biologically contaminated diesel fuel (or think you might have) then you are in the right place. Liquid Intelligence 201 Dual-Phase Biocide is one of the most advanced biocides on the market today.

### **Diesel Biocide Additive | Diesel Biocide Treatment**

I guess it would depend on what you are buying. I would personally go with the diesel. I just plain prefer them whenever they are an option. Better on fuel, last longer with equal maintenance, more torque per gallon of fuel used, and I'm guessing that the Kubota diesel will just about equal the performance of the Briggs for most any mowing application.

### **25hp Kubota diesel or 35hp Briggs BB | LawnSite**

Limp mode is a security function for your engine and transmission. When the engine or transmission control unit has recognized a serious faulty parameter from the engine or transmission, the car will go into limp mode. The limp mode does often reduce the power and limit the RPM of the engine so you can drive your car to a workshop without damaging the engine.

### **Limp Mode - Meaning, Causes & Solutions - Mechanic Base**

It's actually difficult to put diesel in your gas tank if you don't mean to—next time you go to the gas station, check out the nozzle size of a gas pump and a diesel pump.
