I took her for general physics 1. Had a 52 on my first exam but studied well for the second exam and final and ended up with an A in her class.

Diane Jammula at Rutgers - State University of New Jersey ...

A space elevator is a proposed type of planet-to-space transportation system. The main component would be a cable (also called a tether) anchored to the surface and extending into space. The design would permit vehicles to travel along the cable from a planetary surface, such as the Earth's, directly into space or orbit, without the use of large rockets.
