Linguistics is the scientific study of language. It involves analysing language form, language meaning, and language in context. The earliest activities in the documentation and description of language have been attributed to the 6th-century-BC Indian grammarian Pāṇini who wrote a formal description of the Sanskrit language in his Aṣṭādhyāyī. ...

Writing a list of references. At the end of all pieces of academic writing, you need a list of materials that you have used or referred to. This usually has a heading: references but may be bibliography or works cited depending on the conventions of the system you use. The object of your writing is for you to say something for yourself using the ideas of the subject, for you to present ideas you ...
