Postmodernism is a broad movement that developed in the mid- to late 20th century across philosophy, the arts, architecture, and criticism, marking a departure from modernism. The term has been more generally applied to the historical era following modernity and the tendencies of this era.. While encompassing a wide variety of approaches, postmodernism is generally defined by an attitude of ...

*The Role of the Individual in History* by G. V. Plekhanov | In the second half of the seventies the late Kablitz wrote an article entitled, "The Mind and the Senses as Factors of Progress," in which, referring to Spencer, he argued that the senses played the principal role in human progress, and that the mind played only a secondary role, and quite a subordinate one at that.

A democracy is a political system, or a system of decision-making within an institution or organization or a country, in which all members have an equal share of power. Modern democracies are characterized by two capabilities that differentiate them fundamentally from earlier forms of government: the capacity to intervene in their own societies and the recognition of their sovereignty by an ...
