We're now posting original research! Yes, as of late November we are hosting our own original study titled An Examination of the Effect of Prior Experience, Age, and Gender in Non-Food Blending Predictions. Though this title sounds pretty scientific, it just refers to an experiment I did with putting rubber balls in a blender to see...

As new literacies that include digital and media technologies evolve, preparing students to understand and adjust to these literacy demands is critical to current and future expectations for pleasure and work (International Reading Association, 2001; Leu, Mallette, Karchmer, & Kara-Soteriou, 2005).

Literacy Instruction with Digital and Media Technologies ...

2 Despite Time Magazine's decision to honor "the computer" as its 1982 "Man of the Year," and despite advances in the field of artificial intelligence, I take it as a premise of decisionmaking in this case that computers, for better or worse, do not yet have the human feelings, strengths, and failings that lie beyond those we describe as logical, or cognitive, or intellectual in the ...

Notebooking can be a lifesaver for the child that hates or is reluctant to write. Let him choose a topic he loves and send him off to the library to search for books on this topic.. For one of my sons, it was DINOSAURS. For one of my daughters, it was FROGS. For an older child, it may be a hobby, a favorite literature series, a particular topic in science or event in history.
