From their very first day in school, students should be actively engaged in learning to view the world scientifically. That means encouraging them to ask questions about nature and to seek answers, collect things, count and measure things, make qualitative observations, organize collections and observations, discuss findings, etc. Getting into the spirit of science and liking science are what ...

Physical Science Mr. Shepherd Mousetrap Car Project Introduction: You will build an originally designed vehicle powered solely by the energy of one standard-sized mousetrap. A very popular method of propulsion is to tie one end of a string to the arm (or an

Physical Science Mr. Shepherd Mousetrap Car Project

Science in a broad sense existed before the modern era and in many historical civilizations. Modern science is distinct in its approach and successful in its results, so it now defines what science is in the strictest sense of the term. Science in its original sense was a word for a type of knowledge, rather than a specialized word for the pursuit of such knowledge. In particular, it was the ...
