Since July 2010, the Australian Tax Office withdrew support for E-Record – their free electronic record-keeping system. For small businesses (like mine) this is a disappointment, while E-Record was very simple it provided all the functionality necessary without the steep learning curve of other software.. The ATO website no longer includes links for the E-Record software which means that ...

Emily Guerin (2004-06-18; e-mail) The Equal Sign Who was the first person to use the modern equal sign? A very elongated form of the modern equality symbol (=) was introduced in print in The Whetstone of Witte (1557) by Robert Recorde (1510-1558) the man who first introduced algebra into England. He justified the new symbol by stating that no two things can be more equal than a pair of ...

However, few research articles consider the steps of social media analytics. Such frameworks take the form of process models. Fan and Gordon (2014) propose a process for social media analytics consisting of three steps “capture”, “understand”, and “present”. The authors state that the step of capture consists of gathering the data and preprocessing it, whereas pertinent information ...
